

## **Academics:**

Tarakeswar Degree College is fully aligned with the National Education Policy (NEP) 2020, under the guidance of the University of Burdwan, commencing from the academic year 2023-24. Previously, the college had implemented the Choice Based Credit System (CBCS) for its academic programs until the academic session 2022-23. The institution offers a combination of three-year and four-year major courses in Arts, Science, and Commerce, in addition to a self-financed management program.

The dedicated faculty members are deeply committed to the academic achievements of their students and employ innovative teaching methodologies. The college releases an academic calendar in line with the affiliating university, The University of Burdwan, to ensure the smooth delivery of well-structured teaching.

To enhance students' skills and employability, Add-On Courses are provided at no extra cost. The college fosters collaboration with various institutions and organizations to offer diverse learning opportunities.

Furthermore, scholarships are available to deserving and financially disadvantaged students to facilitate access to quality education. In addition to university-designated examinations, faculty members conduct regular class tests to monitor each student's academic progress. Remedial classes are also offered for students who require additional support.

The college follows a mentor-mentee system to provide proper academic guidance to the students, ensuring personalized attention and support for their academic and personal growth.
