

Divyangjan Friendly Environment on Campus

The Institution aims to create an environment to provide education to all crossing all barriers. Looking forward to the aim the institute has created divyangjan (differently abled) friendly environment in the campus following the steps:

1. The institution has provided a ramp joining RUSA and main academic building for easy access to classrooms and Office. Library is situated in the ground floor for easy access for divyangjan.
2. Assistive facility like wheel chair is available if needed by any differently able student.
3. Railings are installed to ease the steps.
4. Separate toilet for divyangjan.
5. Scribes and additional time are provided at the time of examination as per the norms of the University.
- 6.
